KPMD 1011-E

Mobile **Disinfection** Unit
& **High Pressure Cleaner**, 2 in 1

Hydro France
High-pressure innovation

Characteristics	
Flow rate	11,5 L/min (+/- 7%)
Pressure	100 bar
Rotation speed	1450 rpm
Inlet pressure	from 1 to 3 bar
Lubrication	Splash lubrication
Materials Injector and spraying circuit	Stainless steel
304L chassis	Hinged hood
Dimensions	810 x 710 x 700 mm
Weight	73 kg
Monophased electric motor	
Power range	220/240 V MONO
Frequency	50/60 Hz
Nominal power	2,2 kW
Coupling	Hose
Products for sanitation	
Space for 10 liters tank	✓
Injected liquid	Alcohol 70° Diluted bleach 0,1 to 0,5 % Disinfecting liquid according to EN 14476
Also includes	
Disinfecting Kit	✓
Foam gun	✓

Included accessories

Disinfecting kit, hose length 10 m	Head gun for disinfecting use	Head gun for clean use
